Dear Friends,

I have observed the development of Bnos Bais Yaakov school since its inception and am very impressed with its progress. I have been consulted on many occasions throughout the past year for halachic and hashkafic guidance by both the academic and administrative staffs and they were always receptive to follow my advice. I consider the Menahelit and her staff chinuch professionals who are sensitive to the individual needs of every talmidah.

I wish the mechanchos, talmidos, the parents and Board of Directors a successful new year bruchnios, bigashmiyos, uvimamanos.

Sincerely,
With Torah blessings

Rabbi Zev Leff
